## New Aluminum Male Pipe Swivel Fittings

Aeroquip's new aluminum male pipe swivel fittings are ideal for applications where space is tight and a swivel fitting is required. Utilizing the proven Aeroquip swivel design, the tapered pipe thread rotates independent of the hose end for easy installation. The new pipe fitting is available in hose dash sizes -06, -08 and -12.

### Performance Products

- Tapered pipe thread rotates independent of the hose end making installation easier and eliminating the need for additional adapters
- Designed for use with Aeroquip AQP® racing hose
- Compression-style design for easy assembly
- Lightweight aluminum construction
- Reusable
- Radius-style elbow promotes smooth fluid flow
